PECO UNDERGROUND ENCLOSURE

- Underground enclosures are constructed with fully welded seams. Material is 16 or 14 gauge galvanized sheet steel, conforming with ASTM A-924 & G90-U. In instances where a powder coated finish is requested, galvannealed sheet steel, ASTM A653, will be used.
- Underground enclosures are provided with a removable cover secured with wing nut with provisions for meter seal, bottom opening for entrance of service ducts and conductors, and mounting channel.
- NEMA 3R enclosures are UL listed.
